Warehouse & Logistics IT Infrastructure

Industrial Wi-Fi • Scanning • Security • Procurement • 24/7 Monitoring

Metronet designs, procures, deploys and supports mission-critical IT infrastructure for warehouses, distribution centers and logistics operations throughout the United States and Canada. We engineer industrial Wi-Fi, barcode scanning and label printing infrastructure, cybersecurity, servers, storage and 24/7 monitoring systems that must perform reliably in demanding environments where uptime directly impacts receiving, inventory control, order fulfillment and shipping operations.

Common Warehouse Pain Points We Solve

- Scanner disconnects and roaming failures
- Thermal label printer communication issues
- Dead zones in high-bay racking
- Forklift terminal instability
- Wireless performance degradation after go-live
- Network, security and monitoring gaps

Key Technology Partners

Why Warehouse Operators Choose Metronet

Industrial Wireless Engineering

- Warehouse Wi-Fi design, validation and optimization
- Roaming analysis for scanners and mobile devices
- Private wireless and industrial connectivity

Security & Infrastructure

- Firewalls, switches, servers and storage
- Backup, disaster recovery and environmental monitoring
- IP cameras, analytics and secure remote access

Procurement & Deployment

- U.S.-based sourcing and vendor management
- Imaging, staging, labeling and asset tagging
- Hardware procurement, logistics and shipping services throughout the continental USA and Canada

24/7 Monitoring & Support

- Zabbix-based infrastructure monitoring
- Proactive alerting and escalation

Selected Client Testimonials

"Their support has been consistently reliable and responsive."

**Aviv Bovete, IT Manager,
Aidoc**

"Metronet has been a dependable and professional IT partner."

**Ronit Lisbon, Director of
IT, Kramer Electronics**

"Outstanding responsiveness and technical depth. Highly recommended"

**Sr. Ann Welch, Principal,
St. Catharine Academy**

Engineering-Led Systems Integration Since 1987

Schedule a no-obligation warehouse infrastructure assessment.
